Updated: April 11,2021 {current users: 43165}4seconds ago

ROBLOX is an amazing platform to learn, earn and play. It is not a single game but a platform to create different games and give those your name. Users can play their own created games as well as games created by others. ROBLOX came into the market in 2005, and by 2021 it has almost 1 million daily active users, so you can guess that the game is pretty good.

The curriculum features six sessions (up to 20 hours of content), allowing educators to engage students in ongoing conversations to help develop long-term safety and civility skills. Developed jointly by the ROBLOX Education team in collaboration with Laura Higgins, an expert with over 20 years in online safety and civility who leads ROBLOX™s Digital Civility Initiative, this new course is designed to better serve the needs of educators who can freely access ROBLOX™s ISTE-certified curriculum to support virtual learning during this ever-changing time.

When signing up for ROBLOX, you are asked for your date of birth. ROBLOX will only offer appropriate content based on a person's age, e.g. if you are under the age of 13, the games in the library will be filtered.

ROBLOX, which has one of the top-grossing apps on Apple and Google devices, makes money by allowing its millions of users to buy virtual currency called ROBUX that can be used to dress up their avatar or advance in games.
