However, the system doesn't seem to verify your ROBLOX account, as it tends to proceed with the claim and activation process even with a non-existent ROBLOX username. This means that regardless of what you type in, the website actually manages to find and identify that username and encourages the user to complete the activation process for a ROBLOX account that doesn't even exist.

They're a bit like store vouchers to be used in the ROBLOX game - only instead of physical items, you're able to spend them on additional in-game content or character customisation. As such, getting a card as a gift allows the recipient to grab that cosmetic avatar item they've always wanted but could never afford.
